Section View 2 (S-2)

Section View 1 (S-1)

General Notes

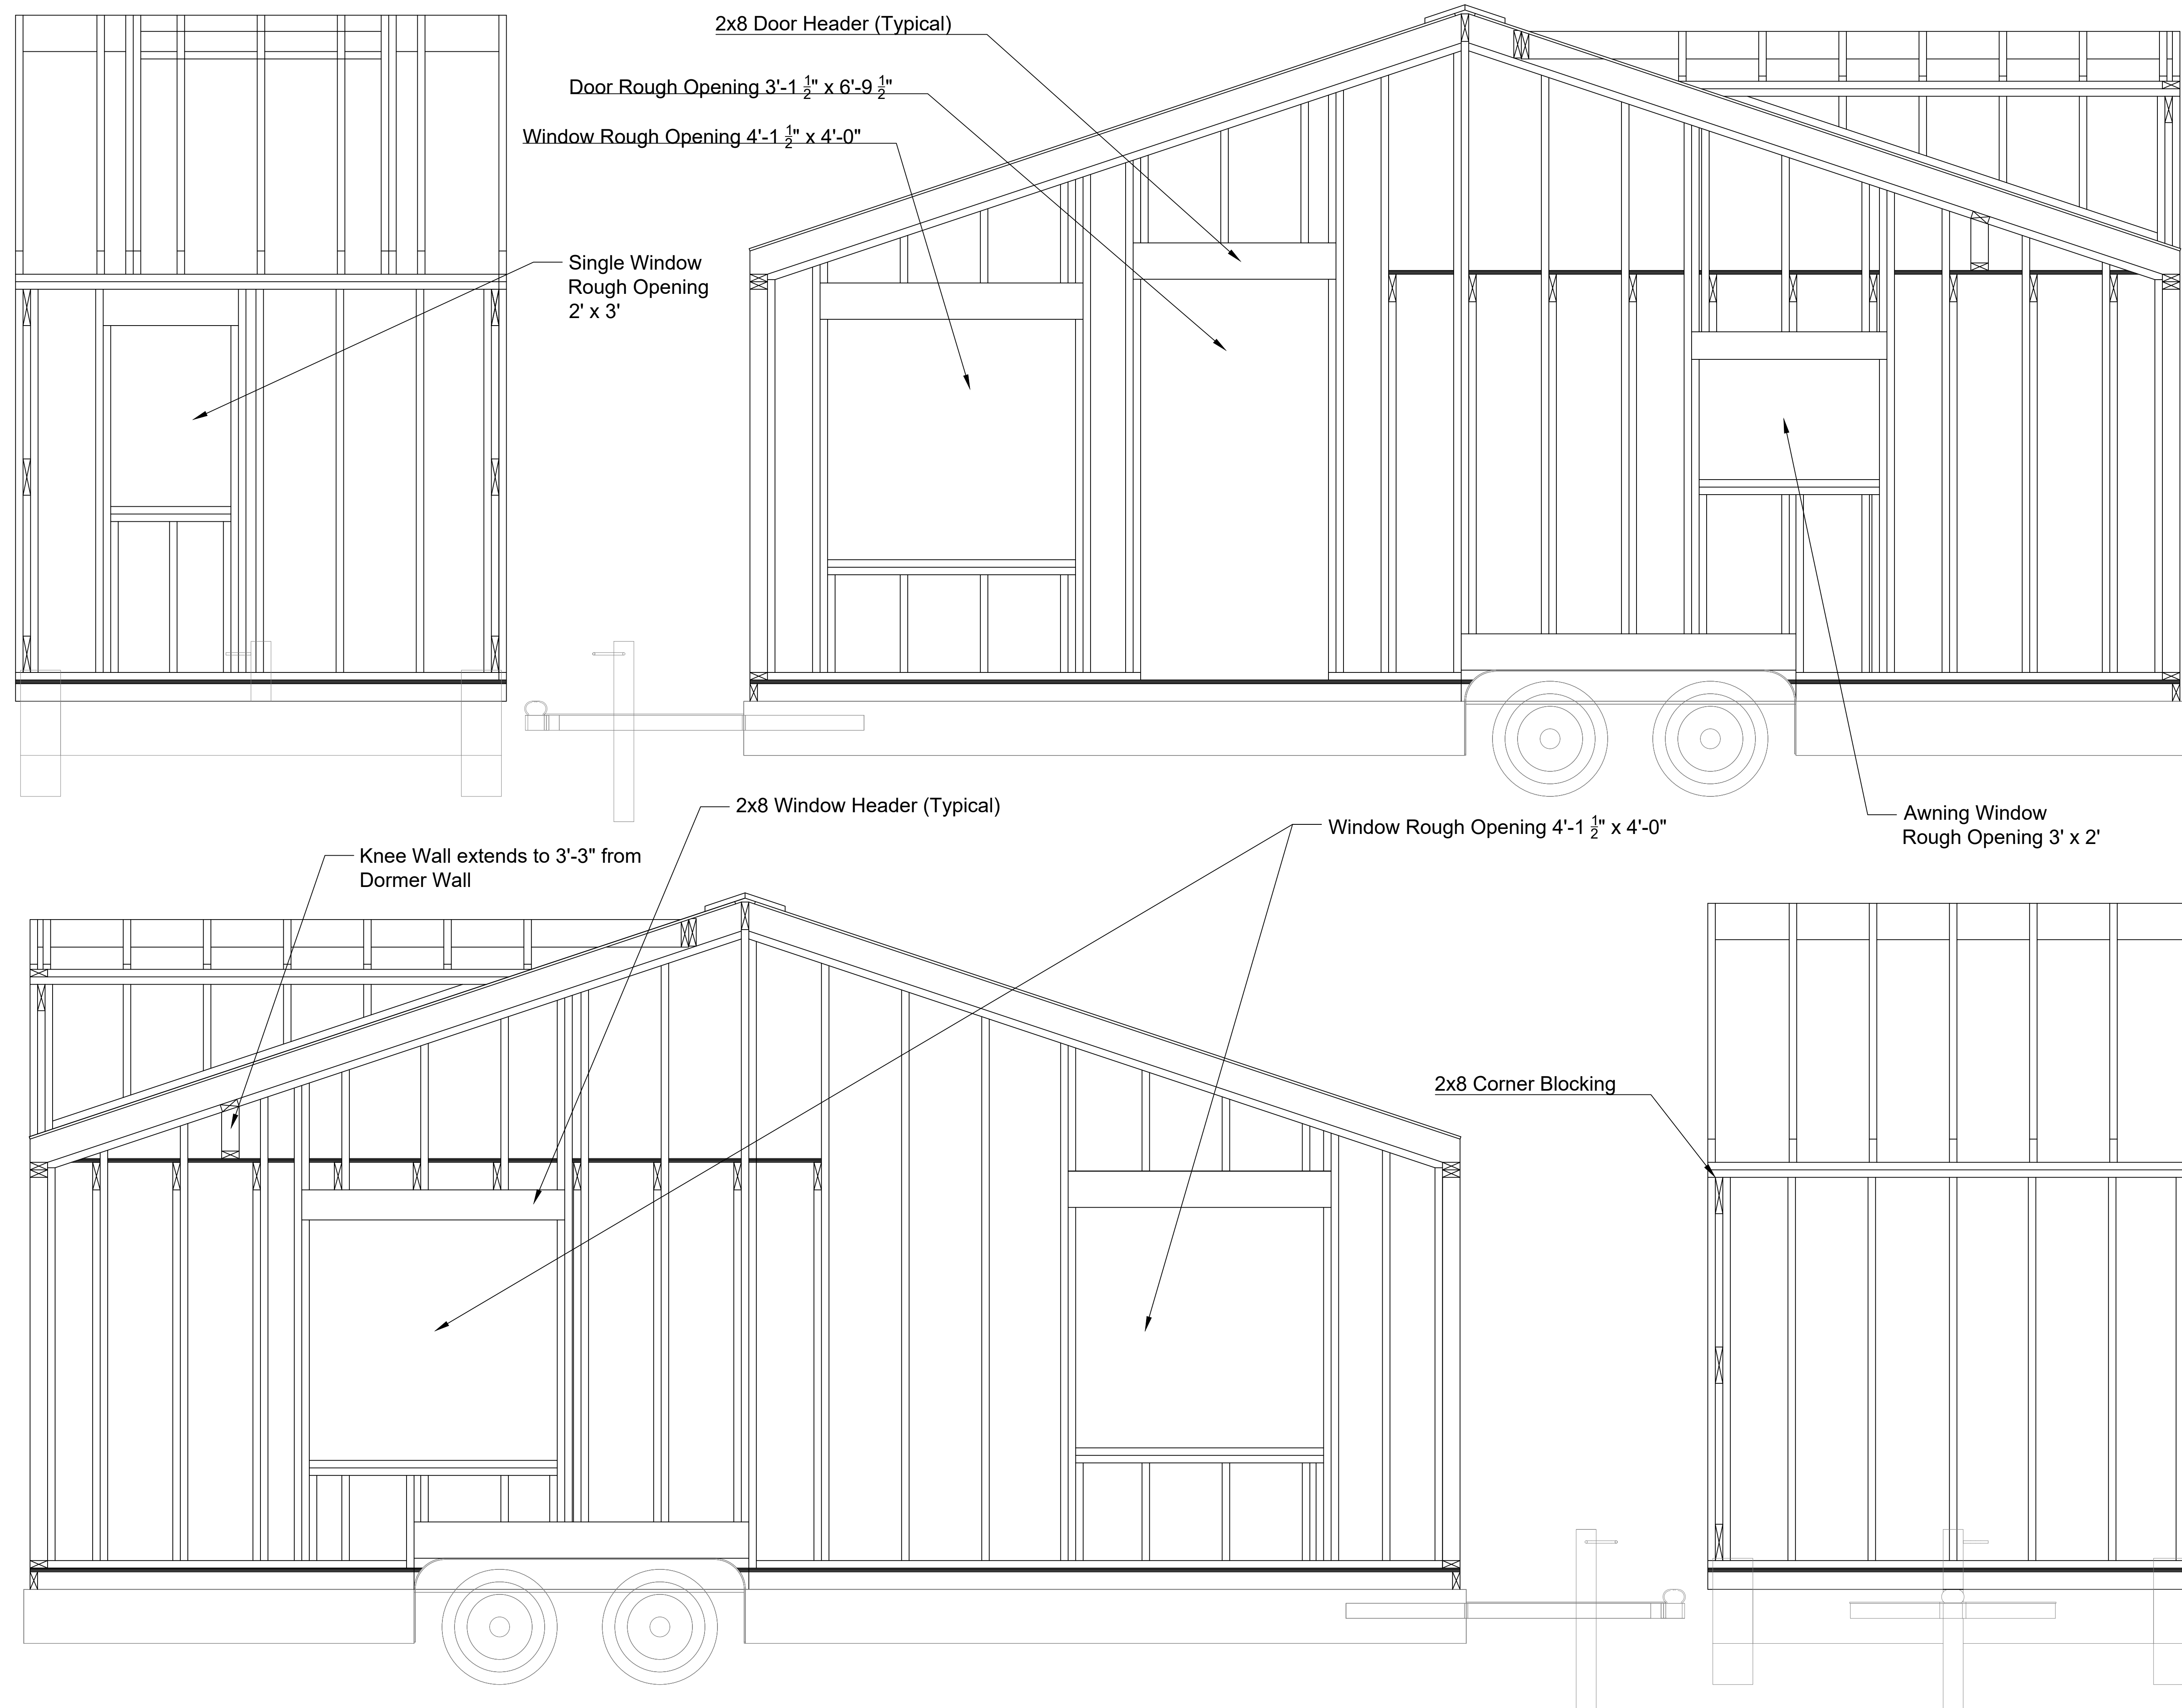

- Loft to bear on 2x6 joists supported by jack studs
- Wall are ideally painted cream white to brighten the space
- Interior doors to be cut to size in field
- Loft handrail should be 2x6 and come up to 2'-1 1/2" above floor
- Balusters are 2x2 studs spaced 4" OC
- Railing ends in 4x4 support post
- Racks recommended to accommodate any electronics (Not shown)
- Fridge should be kept empty when house is not in use & without power
- Where the fender would be positioned in View S-2, its sheathing should extend to the wall to its right, and be fit with a small shelf on top, for some additional storage.
